Party Productions DJ Service

Dear Daryal,

We are writing to thank you for the AWESOME job you did at our recent wedding reception!

We have to admit, planning a reception from the US was not the easiest thing we've ever done, but thanks to you and your cooperation and responsiveness, it turned out great. The music selection you played was everything we wanted, and more. For us, a good wedding reception requires two major important items: good food and good music. Thanks to you, we were able to accomplish one of those factors easily! Our crowd had a blast, and the best part of our evening was when a few guests told us how "awesome the music was" and asked who you were!

If you ever need a referral from anyone who may be interested in hiring you for their next event, please give them our names. We will be more than happy to refer them to you! We were not only satisfied, but plan on calling you again for our next big party!

Thanks again for doing a wonderful job and for making our wedding a day we will never forget!

Sincerely,

Amy & Matthew Giroux
West Chester, Pennsylvania
